

STATE OF WASHINGTON
DEPARTMENT OF ECOLOGY

Mail Stop PV-11 • Olympia, Washington 98504 • (206) 459-6000

January 26, 1984

Dear Sir or Madam:

Under state law and regulation (Chapter 70.105 RCW and 173-303 WAC, respectively) all companies which generate or treat, store, and/or dispose of dangerous waste (DW) or extremely hazardous waste (EHW) must submit to the department an annual report. The reporting deadline is March 1, 1984 for waste activities during calendar year 1983.

The purpose of the annual report is to account for all DW/EHW which you have generated and/or treated, stored or disposed of during calendar year 1983. The forms have been modified slightly from last year, please discard old forms and use the one(s) enclosed. Refer to the "general information" portion of the form(s) enclosed to determine which form(s) you should complete. Persons who only transport dangerous waste are not required to submit an annual report.

In selecting the appropriate form(s) to enclose, we used the information that you provided on your notification form and your 1982 annual report. Enclosed is a copy of the department's 1982 Annual Dangerous Waste Report Summary.

If you have not received the form(s) you need, or have any questions about filling them out, please contact Dan Kruger or Dave Saunders at our headquarters office in Olympia. Additional annual report forms or copies of the state Dangerous Waste Regulations are available at a Regional Department of Ecology office or our headquarters office. Phone numbers and addresses of these offices are printed on the back of this letter.

Sincerely,

Lynda L. Brothers
Assistant Director
Office of Hazardous Substances
and Air Quality Control

LB:bjo

Enclosure

All annual reports for 1983 must be completed and returned to the Department of Ecology on or before March 1, 1984. Please discard annual report forms you may have received prior to this packet.
